

NUFLEX® DISPENSING FOAM GUNS

G1-A PROFESSIONAL

G1-A Professional dispensing foam/adhesive gun is for use with Ultra Seal PF-100 and Ultra Stick PF-400. The G1-A is a heavy duty, all steel-constructed gun with an accelerator valve that provides durability, high yield and total control. The G1-A dispensing foam gun is totally rebuildable through NUCO's rebuild program. For longer lasting gun life, clean gun periodically with Ultra Clean gun cleaner.

G1 PROFESSIONAL

G1 Professional dispensing foam/adhesive gun is for use with Ultra Seal PF-100 and Ultra Stick PF-400. The G1 is a heavy duty, all steel gun that provides long lasting durability and total control. The G1 dispensing foam gun is totally rebuildable through NUCO's rebuild program. For longer lasting gun life, clean gun periodically with Ultra Clean gun cleaner.

G2 PROFESSIONAL

G2 Professional dispensing foam/adhesive gun is for use with Ultra Seal PF-100 and Ultra Stick PF-400. The G2 is an intermediate steel gun that provides application control without the high cost for dispensing tools. The G2 dispensing foam gun is **not** rebuildable. For longer lasting gun life, clean gun periodically with Ultra Clean gun cleaner.

G3 PROFESSIONAL

G3 Professional dispensing foam/adhesive gun is for use with Ultra Seal PF-100 and Ultra Stick PF-400. A light duty steel/plastic gun that provides you with control. The G3 dispensing foam gun is **not** rebuildable. For longer lasting gun life, clean gun periodically with Ultra Clean gun cleaner.

CAUTIONS:

- 1) Always keep a can on the gun.
- 2) Do not leave an empty can on the gun.
- 3) Clean your gun when necessary.

DISPENSING GUN REBUILD PROGRAM:

Nuco offers to all Stocking Distributors the Dispensing Gun Rebuild Program for Ultra Seal PF-100 and Ultra Stick PF-400. Nuco will completely rebuild any G1 or G1-A dispensing gun.

1. Customer must return their G1 or G1-A dispensing gun to their local Nuco Distributor.
2. Distributor completes the Rebuild Form and sends a copy along with the gun to:

Nuco Inc.
150 Curtis Dr.
Guelph, Ontario
Canada N1K 1N5.

3. Within 5 working days of receipt of a dispensing gun, Nuco will return a completely rebuilt gun to the Distributor.
4. Nuco will invoice the Distributor for rebuilding each unit. Charge to be determined before rebuilding.
5. Distributor is responsible for contacting customer and arranging for the return of rebuilt guns.
6. Distributor is responsible for associated freight costs.
